

ARIES

Key to Templates:

- 1) Mask
- 2) Eyeholes
- 3) Holes for elastic
- 4) Aries symbol
- 5) Right horn
- 6)-16) Right horn spiral sections
- 17) Left horn
- 18)-28 - Left horn spiral sections

INSTRUCTIONS FOR MAKING YOUR COSTUME:

- 1) Print out the three previous pages of this pdf on standard A4 paper and cut out the all shapes that are numbered in the template key.
- 2) Use the paper shapes as templates, to cut out the same shapes from pieces of coloured card. To create more impact, use the same coloured card for the horns (5 and 17) and the aries symbol (4), and then choose a contrasting colour for the mask (1) and horn shapes 6–16 and 18-28. The colours you choose are entirely up to you, but suggestions for combinations that could work are: black and white, white and silver, white and gold, white and yellow, or silver and gold.
- 3) Stick the horn shapes 6–16 and 18-28 onto the horns (5 and 17), to create the impression of horn spirals – use **Fig. 1** on the page below, for guidance as to where each shape should go.
- 4) Stick the finished horns to the mask (see **Fig. 2**, below)
- 5) Stick the aries symbol (4) to the centre of the mask on the forehead (see **Fig. 2**, below)
- 6) Use a hole-punch or knife to make the small holes for elastic (3) on each side of the mask, thread with elastic, then tie a knot at each side to secure, so you can wear your mask comfortably.
- 7) Finish off your costume by wrapping up warm in comfy, waterproof clothes — then make yourself an over-costume, by draping either a scarf, shawl, or large piece of fabric over your shoulders, in a colour that matches your mask (preferably a bright, or metallic colour, to make a more theatrical impact – or, as it's aries, you could wear a sheepskin!).

8) You can make your costume even more theatrical by sticking/sewing coloured fabric ribbons to your over-costume – or add feathers, tinsel, sequins... whatever you want, to customise your zodiac sign.
