Key to Templates:

- 1) Ears**
- 2) Horns**
- 3) Taurus symbol**
- 4) Mask**
- 5) Eyeholes**
- 6) Holes for elastic**

INSTRUCTIONS FOR MAKING YOUR COSTUME:

- 1) Print out the two previous pages of this pdf on standard A4 paper (landscape format) and cut out the shapes that are numbered in the template key.
- 2) Use the paper shapes as templates to cut out the same shapes from pieces of coloured card. To create a more contrasting impact, use one colour for the mask (4) and then a different colour for the ears (1) and the taurus symbol (3), then a third colour (preferably metallic) for the horns (2). The colours you choose are up to you, but suggestions for combinations include: black, white and silver; tan, brown and gold; or grey, pink and silver.
- 3) Stick the horns (2) to the mask (4), so they point upwards on either side of the mask head. Use **Fig. 1** (below) for placement guidance.
- 4) Stick the ears (1) on each side of the mask, just below the horns. Use **Fig. 1** (below) for placement guidance.
- 5) Stick the taurus symbol (3) centrally onto the mask, just above the eyeholes (5) – see **Fig. 1** (below) for placement guidance.

- 6) Use a hole-punch or knife to make the holes for elastic (6) on each side of the mask, and thread with elastic.
- 7) Finish off your costume by wrapping up warm in comfy, waterproof clothes — then make yourself an over-costume, by draping either a scarf, shawl, or large piece of fabric over your shoulders, in a colour that matches your mask (preferably a bright, or metallic colour, to make a more theatrical impact).
- 8) You can make your costume even more theatrical by sticking/sewing coloured fabric ribbons to your over-costume — or add feathers, tinsel, sequins... whatever you want to customise your zodiac sign!
