INSTRUCTIONS FOR MAKING YOUR COSTUME:

- 1) Print out the two previous pages of this pdf on standard A4 paper (landscape format) and cut out the shapes that are numbered in the template key.
- 2) Use the paper shapes as templates to cut out the same shapes from pieces of coloured card. To create a more contrasting impact, use a different coloured card for the crab and crab feet, than for the mask and the cancer symbol. The colours you choose are entirely up to you, but suggestions for combinations that could work are: blue and green, blue and silver, green and gold, blue and red, or yellow and blue.
- 3) Stick the rest of the shapes — crab, crab feet and symbol — onto the mask, using the picture (below) for guidance.
- 4) Use a hole-punch or knife to make the holes for elastic (3) on each side of the mask, and thread with elastic.
- 5) Finish off your costume by wrapping up warm in comfy, waterproof clothes — then make yourself an over costume, by draping either a scarf, shawl, or large piece of fabric over your shoulders, in a colour that matches your mask (preferably a bright, or metallic colour, to make a more theatrical impact).
- 6) You can make your costume even more theatrical by sticking/ sewing coloured fabric ribbons to your over-costume — or add feathers, tinsel, sequins... whatever you want to customise your zodiac sign!
