- 4) Mask**
- 5) Eyeholes**
- 6) Holes for elastic**

INSTRUCTIONS FOR MAKING YOUR COSTUME:

- 1) Print out the previous page of this pdf on standard A4 paper (landscape format) and cut out the shapes that are numbered in the template key.
- 2) Use the paper shapes as templates to cut out the same shapes from pieces of coloured card. To create more impact, use the same colour for the mask (4) and sagittarius symbol (1), and then two different, contrasting colours for the bow (2) and the arrow (3). The exact colours you choose are up to you, but some suggested combinations are: black, red and silver, gold, purple and blue, or green, brown and gold.
- 3) Stick the bow (2) onto the mask (4), so that it sits centrally, just above the mask eyeholes (use **Fig. 1**, below, for placement guidance).
- 4) Stick the sagittarius zodiac symbol (1) onto the righthand cheek of the mask (4) (use **Fig. 1**, below, for placement guidance).

5) Stick the arrow (3) vertically across the front of the bow, so it sits centrally over the bow and mask (use **Fig. 1**, below, for placement guidance). Be sure to glue the arrow to both the mask and the bow, so it's securely attached.

6) Use a sharp pencil or craft knife to punch tiny holes at either end of the bow, then string a piece of silver or gold elastic through them and knot at each end, to create a horizontal bowstring (**see Fig. 1**)

7) Use a hole-punch to make the holes for elastic (6) on each side of the mask, then thread with elastic and knot to secure, so you can wear your mask comfortably.

8) Finish off your costume by wrapping up warm in comfy, waterproof clothes —then make yourself an over-costume, by draping either a scarf, shawl, or large piece of fabric over your shoulders, in a colour that matches your mask (preferably a bright, or metallic colour, to make a more theatrical impact).

9) You can make your costume even more theatrical by sticking/sewing coloured fabric ribbons to your over-costume – or add feathers, tinsel, sequins... have fun customising your zodiac sign in whatever way you like!
