## **INSTRUCTIONS FOR MAKING YOUR COSTUME:**

- 1) Print out the two previous pages of this pdf on standard A4 paper and cut out the all shapes that are numbered in the template key.
- 2) Use the paper shapes as templates to cut out the same shapes from pieces of coloured card. To create a more contrasting impact, use a different coloured card for the horns (1) and capricorn symbol (7), than for the mask (8) and horns shapes 2-6. The colours you choose are entirely up to you, but suggestions for combinations that could work are: black and green, black and blue, black and gold, black and silver, or silver and gold.
- 3) Stick the horn shapes 2-6 onto the horns (1), to create the impression of horn spirals – use the picture (Fig.1) on the page below, for guidance.
- 4) Stick the finished horns to the mask (see Fig. 2)
- 5) Stick the capricorn symbol to the centre of the mask (on the forehead).
- 6) Use a hole-punch or knife to make the holes for elastic (9) on each side of the mask, and thread with elastic.
- 7) Finish off your costume by wrapping up warm in comfy, waterproof clothes — then make yourself an over-costume, by draping either a scarf, shawl, or large piece of fabric over your shoulders, in a colour that matches your mask (preferably a bright, or metallic colour, to make a more theatrical impact).
- 8) You can make your costume even more theatrical by sticking/sewing coloured fabric ribbons to your over-costume — or add feathers, tinsel, sequins... whatever you want to customise your zodiac sign!
